

The Birch Cottage

PRINTING INSTRUCTIONS:

option 1

HOME:

Simply print from your home computer. Be sure to select "Actual Size" as your print option and not "Fit". I also recommend using nice cardstock paper.

option 2

LOCAL PRINT SHOP:

Send your prints to your local print shop where they can be printed with high quality printers on high quality paper. Some print shops (like Staples) even offer large engineering prints at a very affordable price.

Just go to the website of your local print shop and follow their instructions for uploading your prints.

FRAMING INSTRUCTIONS:

Trim your print, if applicable, to 8"x10". Or add a nice mat around each print before framing. Be sure to select a larger frame if you decide to mat your print.
